Dear Colin

Aberdeen Harbour: Case for Growth

Thank you for your letter of 11 September regarding your "Case for Growth" feasibility study.

The Nestrans Board considered a report at its meeting on 9 October 2012 and have asked me to respond welcoming the opportunity to be involved in the process. As the statutory body responsible for strategic transport matters in Aberdeen City & Shire, Nestrans recognises the importance of the major ports to the economic wellbeing of the region and the contribution of Aberdeen Harbour in particular to the connectivity, energy industry support, tourism and passenger ferry services.

I would therefore welcome the opportunity to be involved in the feasibility work for future development of the harbour and look forward to hearing from you further.

If you require any further information, please feel free to contact me.

Yours sincerely

Rab Dickson
Transport Strategy Manager
