

5a HTAP Annual Report 2017

o Purpose of Report

The purpose of this report is to update Board members with regard to the Health & Transport Action Plan (HTAP), and to seek approval of the HTAP Annual Report 2017.

o Background

The Regional Transport Strategy identifies the need for more detailed sub-strategies, one of which is in relation to Health & Transport. A Health & Transport Action Plan refresh was agreed by the Nestrans Board in 2014 and is available on the Nestrans' website at:

http://www.nestrans.org.uk/wp-content/uploads/2017/02/HTAP_Final_Report_-_July_2008_1-1.pdf

An HTAP Steering Group consisting of representatives from Nestrans, NHS Grampian, three local authorities, Scottish Ambulance Service, Aberdeen Council of Voluntary Organisations (on behalf of the three Third Sector Interface bodies) and the Chief Officer of the Aberdeenshire Integrated Health & Social Care Partnership (on behalf of three IH&SCP bodies) along with a patient representative, oversees delivery of HTAP initiatives and is supported by a full-time Programme Manager.

o Annual Report 2017

The Programme Manager has produced a Draft Annual Report which is attached as Appendix A to this report. A final version with images will be produced. Members are asked to approve the report for their part and to request that it be presented to each of the three Community Planning Partnerships in the Grampian area.

o Recommendation

It is recommended that the Board:

- a) Note the contents of this report and the HTAP Annual Report 2017; and
- b) Request that the report be forwarded to each of the Community Planning Partnerships.

AS/25 August 2017
